

The Best in the Business

Huth Tube and pipe benders:

- The top of the line “ram-style” compression benders available.
- American made. Built by experienced masters.
- Rugged I-beam construction... Tough as hell. Lasts decades.

The HB-10: “The Full Package”

- The best value in the market ...
includes o28 tooling package!
- 5 HP motor gives 58,000 pounds of bending force, more than enough for 3 inch tubing.
- Heavy duty swager/expander gives complete end-finishing ability.
- Expanding ability 1” to 5.5”.
- Electrical knee control for hands-free operation.

The 2806 “Production Work-Horse”

- Same powerful construction as HB-10.
- Automatic depth of bend indicator makes repeatable bends easy.
- More control options with both push button and knee controls.

The “Heavy Duty” Model 2600 ... for BIG JOBS.

- 7.5 HP motor for 85,000 pounds of unmatched bending power.
- Heavy Steel reinforced framing.
- Heavy duty gates and bushings.
- Bends schedule/thick wall pipe with ease.
